THRU: C.O.C.

FROM: Sgt. Greg Mize

SUBJECT: K-9 Equipment for training grounds

In order to complete the K-9 training facility and to conform to United States Police Canine Association regulations, I am respectfully requesting the purchase of the following equipment from Vinyl Works International, Inc.

Box Search Equipment (6 total) The Box Search Equipment is used to teach K-9 dogs to use their olfactory senses to locate suspects that are hidden behind doors and other types of structures . This equipment is also utilized to teach a K-9 to alert to the suspect by scratching at the door of the box the suspect is hiding in. Utilization of the boxes eliminates training mishaps of K-9 dogs scratching the doors of buildings we currently use to train police K-9s

Hurdles (6 total) The hurdles are utilized to teach the K-9 Dogs to jump several different types of obstacles in effecting the apprehension of suspects. The hurdles are a great tool that is utilized to build the confidence of police K-9 dogs in training so when the same type of obstacle is faced in the normal course of their duties they react instinctively rather than hesitate. This hesitation can result in the suspect escaping from being taken into custody.

Dog Crawl – The dog crawl is another piece of equipment that is utilized to teach the dog during training to crawl on his stomach in order to avoid certain hazards (gunfire). The dog crawl is also a confidence builder in that it teaches the dog to crawl into a very small space in order to complete the task required of him.

The Above equipment has been available to us in a very limited capacity by the Hollywood Police K-9 unit but in order to utilize the equipment their personnel must be present which is extremely difficult to arrange on a daily basis.

Vinyl Works is a the only company that makes the above equipment with a Protective Vinyl Coating that will last indefinitely. Other companies build the above equipment with marine plywood which deteriorates very rapidly after several years of use, due to the climate and conditions in South Fla. Vinyl Works equipment also has a 20 year warranty.

I have attached a copy of the Vinyl Works prices with this memo.

Respectfully submitted
